

Need to smooth things over? We have the solution...

The Ruston Engineer's X-plane has been designed and manufactured with the user in mind. With three standard sizes to choose from, or tailor made to your specifications, the X-plane is an ideal way for leveling ground on a large scale. Whether it be inter-row leveling, road grading or head-land re-grading. The X-plane is a popular grader with many farmers across Australia for its durability and cost effectiveness on the land.

2.4m X-PLANE

3.0m X-PLANE

3.6m X-PLANE

600 Diameter Roller

Re-enforced Hitch

Changeable Blade

Height Adjustable

3.6M X-PLANE
